EDUCATION

Ashoka University , Haryana, India BSc.(Hons. with Research) Economics and Finance (Minor in Mathematics) <i>Dean's list in all semesters</i>	Aug 2023 — Aug 2027 Major & Minor GPA: 3.98/4.00 Cumulative GPA: 3.96/4.00
London School of Economics and Political Science , London, United Kingdom International Economics (Summer Abroad)	Jun 2025 — Jul 2025 Grade: A+

EXPERIENCE

Ashoka University — <i>Research Assistant</i>	Delhi, India Dec 2025 — Present
- Reviewed and refined the classification of compensation-related land conflicts generated by an existing NLP-based classifier. Performed data cleaning, outlier diagnostics, and panel-data analysis on multi-year agricultural market datasets using R (Prof. Parush Arora & Prof. Rohan Gudibande) - Analyzed and cleaned large-scale NSS and PLFS microdata, including econometric analysis of labor market outcomes. Constructed and harmonized a longitudinal state-level higher education dataset (1990–2019) from fragmented SES, SHTE, AISHE, and UGC sources, resolving inconsistencies in historical institutional statistics across reporting methodologies. (Prof. Ashwini Deshpande) - Merged and harmonized multi-year MCA balance sheet and profit-loss datasets (XBRL and non-XBRL firms) using firm identifiers to support analysis of public vs. private bank lending. (Prof. Anubhav Jha) - Supporting a randomized controlled trial studying the role of AI and digital technology in improving worker satisfaction and retention in large firms across India. Assisted in designing and evaluating worker check-in and behavioral intervention surveys focused on workplace well-being. (Prof. Anisha Sharma, Prof. Gaurav Chiplunkar, Prof. Shantanu Khanna, Prof. Ashwini Deshpande)	
Anicut Capital — <i>Venture Capital Research Intern</i>	Delhi, India Sep 2025 — Dec 2025
Conducted in-depth research on Precision Genome Sequencing, analyzing market size, value chains, and regulatory trends, and delivered an investment thesis deck and startup database outlining sector opportunities, risks, and strategic recommendations.	
Centre for Effective Governance of Indian States — <i>Strategic Public Finance Intern</i>	Delhi, India May 2025 — July 2025
- Co-developed a PFM diagnostic toolkit with the Strategic Public Finance Head, designed to assess core fiscal functions across Indian states and potentially institutionalize systems like project subsidy registries improving public sector accountability for budgets worth > Rs. 25 lakh crores. - Synthesized secondary research from the World Bank's PEFA framework, Finance Commission reports, and state budgets to support the design of the toolkit, aligning assessment areas with long-term fiscal sustainability goals and best practices in governance. - Drafted an op-ed examining the broader macroeconomic impact of proposed state expenditure policies, integrating fiscal research and intergovernmental finance trends to generate advisory insights relevant for policy and institutional reform.	
Purple — <i>Finance Intern</i>	Mumbai, India Jun 2024 — Aug 2024
- Assessed first-time customer quality across order frequency, basket size, and repeat behaviour to estimate lifetime value and optimize marketing ROI; identified 10+ cost patterns in employee reimbursements to strengthen budgeting accuracy and financial planning through data-driven recommendations. - Developed a Python script to automate the extraction of 500+ serviceable pincodes from QCom websites and cross-referenced this data with the internal database of customer delivery locations to identify coverage gaps and optimize last-mile logistics and delivery planning. - Collaborated with cross-functional teams to design and implement a standardized Management Information System (MIS) for 15+ newly launched retail outlets, streamlining record-keeping processes and enhancing data accessibility and consistency during the company's offline expansion phase.
